

2023 COMMUNITY IMPACT

City of Milpitas and Silicon Valley Clean Energy

Your community is making a difference by choosing electricity that comes from clean sources. Milpitas' leadership is accelerating the state's clean energy transition and supporting customer programs to improve local air quality and fight climate change.

Milpitas' Energy Results - Clean, Reliable, Affordable

\$2,920,400 in on-bill savings for Milpitas customers
 (\$15,991,000 since launch)

29,300 households and businesses receiving electricity from clean energy sources

\$230,400 in cash payments to customers for generating surplus solar energy

\$75,250 in SVCE rebates claimed by Milpitas residents for electric home upgrades

2023 Impacts – All SVCE Communities

- 530M** pounds of CO2 avoided from receiving a clean power supply
- \$100M** in total on-bill savings for customers since launch in 2017
- \$116M** invested in customer programs

Your neighbors are going electric!

"When we saw that the federal government was giving big tax rebates, we knew the time was right to upgrade our central heating system. We were particularly drawn to their efficiency, safety (no carbon monoxide risk and reduced fire risk), and their environmental impact."

- Scott
SVCE Customer

*Figures shown are from Oct. 2022 through Sept. 2023

275,000+ residential and commercial customers - a **96%** participation rate with SVCE

OFFERS & SERVICES FOR YOU

With clean energy from SVCE, anyone has the power to make choices that eliminate greenhouse gas emissions, save money, and build a cleaner, greener Silicon Valley. SVCE has designed various programs, including financial incentives and online tools, to help residents, businesses, and cities reduce their dependence on fossil fuels and transition to a clean, all-electric future.
