

THE POWER OF COMMUNITY

Providing renewable energy to local homes and businesses

Renewable, Clean Power

Your electricity comes from renewable and clean resources. Silicon Valley Clean Energy (SVCE) is committed to innovative solutions that advance the statewide transition to a carbon-free grid.

Choosing clean energy makes a significant impact. You save money on your bill and support energy programs that reduce emissions community-wide.

\$100 Million

In on-bill savings since 2017

23% Reduction

In energy-related community emissions since 2015

\$85 Million

Dedicated to customer offers and services

This information is required by the California Energy Commission to be mailed to any customer that took service from SVCE in 2022 and active SVCE customers. Receiving this notice does not mean you are a current SVCE customer. The generation data represents 2022 and is provided in the "Annual Report to the California Energy Commission: Power Source Disclosure Program." Percentages may not total 100% due to rounding.

Make the Most of Your Clean Energy

Businesses are choosing to go all-electric to improve health, safety and comfort.

Congregation Beth Am
Los Altos Hills

Inspiration - Responsibility

“When the furnace for the social hall and sanctuary stopped working and was determined to be at the end of its useful life, we started investigating installing heat pumps rather than simply replacing our gas furnace with another similar system. Last fall, with great excitement, our heat pump system went live. Initial comments from congregants have been uniformly positive.”

Key Advice

“It can be expensive, but there are incentives out there. You have to find them and apply for them. Use the experts through SVCE. They are very helpful and have the expertise to ensure you are getting the right solution for your building.”
