

# THE POWER OF COMMUNITY

Providing renewable energy to local homes and businesses

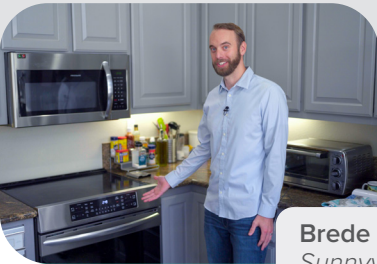

# Make the Most of Your Clean Energy

People are choosing to go all-electric to improve health, safety and comfort.

## INSPIRATION HEALTH

**Brede**  
Sunnyvale

### Induction Cooking

"My wife and her mom had read a few articles about the indoor emissions associated with gas ranges and were concerned about inhaling toxins, both as a pregnant woman and for our future developing child."

## INSPIRATION FAMILY

**Judy**  
Campbell

### Heat Pump Water Heater

"The experience was seamless and I really appreciate being able to set an exact temperature for the water heater as I live with a temperature sensitive young child."

## INSPIRATION COMFORT

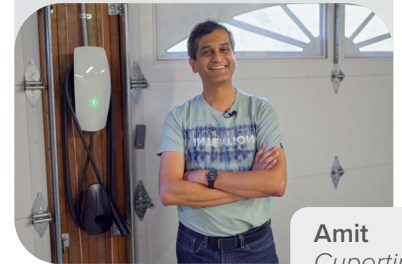

**Curt**  
Gilroy

### Heat Pump Space Heating and Cooling

"The contractor upgraded our heating ducts, and this allowed our heat pump to provide much more even heat across the rooms in the house, while doing all of it for essentially no monthly cost due to the solar panels."

## INSPIRATION TECHNOLOGY

**Amit**  
Cupertino

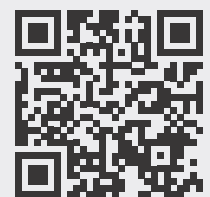

### Electric Vehicle

"We were looking to upgrade our vehicle and electric cars have come a long way, so we decided to look at [them]. It wasn't just going electric, it was actually an upgrade, and going electric and being environmentally friendly all in one"

# Learn More

## Explore more benefits and save with rebates

On eHub you can learn about electric vehicles & charging options, electric appliances and even solar+battery systems. Improve air quality, increase comfort, and save money.
