2 Silicon Valley Clean Energy Overview

Silicon Valley Clean Energy (SVCE) is the community-owned electricity provider serving 13 Santa Clara County communities, including Campbell, Cupertino, Gilroy, Los Altos, Los Altos Hills, Los Gatos, Milpitas, Monte Sereno, Morgan Hill, Mountain View, Saratoga, Sunnyvale and unincorporated Santa Clara County. SVCE provides 280,000 residential and commercial electricity customers with clean electricity at competitive prices, from sources like solar, solar+storage, wind, hydropower and geothermal. Silicon Valley Clean Energy was formed as Joint Powers Agency in March 2016, and launched service in April 2017. 96% of electricity customers in the SVCE service area receive their electricity from SVCE. For more information, please visit: svcleanenergy.org.

As SVCE was formed to support our communities in reducing greenhouse gas emissions, we aim to provide our customers with resources that can help them understand their energy use and how it relates to their carbon footprint, discover ways to reduce their impacts, and find products and services to help them save energy and money. For more information about SVCE offers and services, please visit: ehub.svcleanenergy.org/incentives.

3 RFP Overview

In Spring 2026, SVCE will launch its newest round of grant funding to support Community Organizations in developing electrification projects. The “Community Grants” program will provide capital funding for Community Organizations such as Schools, Community-Based Organizations, and Nonprofits to advance projects that include building electrification with efficient electric equipment upgrades and energy resilience with the installation of solar paired with battery storage. As part of this grant cycle, SVCE will bring on a Technical Assistance provider to partner with grant awardees. The selected Technical Assistance provider will aid Community Organizations with the planning, development, and implementation of their electrification projects, ensuring that awardees have the guidance needed to successfully execute their proposed work.

With this request for proposals (RFP), SVCE seeks information about the experience and qualifications of your organization (Consultant) relating to Technical Assistance as described in this RFP’s scope of work.

This RFP:

- Describes the scope of services sought by SVCE
- Outlines key dates and the proposed timeline
- Provides an opportunity for the Consultant to describe their relevant qualifications and assets, and to explain how they could contribute to the program
- Provides an opportunity for the Consultant to identify any key topics or areas not identified in the RFP that would add substantial value to SVCE’s Technical Assistance scope of work

4 RFP Tentative Timeline

7 Supplier Diversity

All qualified organizations are encouraged to respond, including minority-owned and women-owned organizations.

SVCE is an equal opportunity employer. All responses will be evaluated under the same criteria. Pursuant to Proposition 209, a government entity such as SVCE is prohibited from granting preferential treatment to any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment or public contracting.

RFP respondents that execute a contract with SVCE will be asked to complete a supplier diversity questionnaire. As a public agency and consistent with state law, SVCE will not use any provided information in any part of its selection process. Rather, SVCE will use the

information to comply with the California Public Utilities Commission (CPUC) reporting requirements. Pursuant to General Order 156 (GO156), SVCE is required to submit a detailed and verifiable annual plan and report on the utilization of women-owned, minority-owned, disabled veteran-owned and LGBT-owned business enterprises' procurement. Consistent with the California Public Utilities Code and State policy objectives, SVCE will collect information regarding supplier diversity and labor practices from project developers and their subcontractors regarding past, current and/or planned efforts and policies.

SVCE encourages businesses that qualify for diverse business enterprise status to obtain certification through CPUC's [Supplier Diversity Clearinghouse](#). The certification is voluntary and cannot be used as a criterion for bid evaluation. For information on the certification process and requirements, please visit SVCE's [Supplier Diversity page](#).

8 Agreement Terms

Awardees will be required to enter into a contract using SVCE's standard contract terms. Modification of the contract terms may be proposed by the Bidder for consideration by SVCE but are not guaranteed to be accepted. Rejection of the final terms from SVCE is grounds for disqualification.

SVCE's standard contract terms are available for review in Appendix A.

9 Inclusion of Non-Participating Agencies

SVCE is asking all responding Bidders to indicate their willingness to extend the terms of resulting contracts, inclusive of price, to other interested California-based municipalities, municipally-owned utilities and community choice energy programs. While this clause in no way commits these agencies to contract with SVCE's awarded consultant, nor does it guarantee any additional orders will result, it does allow other agencies, at their discretion, to make use of SVCE's competitive process (provided said process satisfies their own procurement guidelines) and enter into a contract directly with the awarded consultant. All contracts entered into by other agencies shall be understood to be transactions between that agency and the awarded consultant; SVCE shall not be responsible or liable in any manner for any such contracts.

10 California Public Records Act

All parties acknowledge that SVCE is a public agency subject to the requirements of the California Public Records Act, Cal. Gov. Code section 6250 et seq. ("CPRA"). SVCE will not disclose any part of any proposal before it announces a recommendation for an award, on the ground that there is a substantial public interest in not disclosing proposal during the evaluation process. After the announcement of a recommended award, all proposals received in response to this RFP will be subject to public disclosure, with the exception of those elements in each proposal which are exempt from disclosure pursuant to the CPRA.

If a Bidder believes there are portion(s) of the proposal which are exempt from disclosure, the Bidder must plainly mark it as "Confidential", "Proprietary", or "Trade Secret." SVCE may also request that the Bidder state the specific provision of the CPRA which provides the

exemption, and the factual basis for claiming the exemption. Any proposal which contains language purporting to render all or significant portions of the proposal as "Confidential," "Trade Secret," or "Propriety," will be considered non-responsive and a public record in its entirety.

Although the CPRA recognizes that certain confidential trade secret information may be protected from disclosure, SVCE may not be in a position to establish that the information a Bidder submits is a trade secret. If a public records request is made for information marked "Confidential," "Proprietary," or "Trade Secret," SVCE will provide the Bidder(s) who submitted the information with reasonable notice to seek protection from disclosure by a court of competent jurisdiction. The Bidder shall be solely responsible for taking such legal steps; if the Bidder takes no such action after receiving notice of the public records request, SVCE will disclose all records it deems subject to disclosure, even if marked "Confidential," "Trade Secret," or "Proprietary."

11 Ex Parte Communication

Please note that to insure the proper and fair evaluation of a proposal, SVCE prohibits ex parte communication (i.e., unsolicited) initiated by the Bidder to an SVCE Official or Employee evaluating or considering the proposals prior to the time a bid decision has been made. Communication between Bidder and SVCE will be initiated by the appropriate Agency Official or Employee in order to obtain information or clarification needed to develop a proper and accurate evaluation of the proposal. Ex parte communication may be grounds for disqualifying the offending Bidder from consideration or award of the proposal, then in evaluation, or any future proposal.

12 Insurance Requirements

All insurance shall be secured from or countersigned by an agent or surety company recognized in good standing and authorized to do business in the State of California.

The Bidder shall, within thirty (30) days of notification of award and prior to commencement of work, take out and maintain in full force and effect minimum insurance coverage as specified in the attached requirements. This insurance shall remain in force and effect throughout the duration of the contract.

A certificate of existing insurance coverage should be submitted with the proposal as proof of insurability. If the current coverage does not meet the RFP requirements, then the Bidder should request an affidavit of insurability from the Bidder's insurance agent that certifies the requirements can and will be met. Failure to provide adequate insurance coverage may be cause for disqualification as non-responsive to the RFP requirements.

13 Conflict of Interest/Statement of Non-Collusion

All bidders must disclose with their proposal the name of any officer, director, or agent who is also an employee of SVCE. Further, all bidders must disclose the name of any SVCE employee who owns, directly or indirectly, an interest of five percent (5%) or more of the bidder's firm or any of its branches.

The Bidder shall certify that he/she has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the proposal and that the bidder is not financially interested in, or otherwise affiliated in a business way with any other bidder on the same land or improvements.

14 Addenda

It is the Bidder's responsibility to contact SVCE prior to submitting a proposal to ascertain if any addenda have been issued, to obtain all such addenda and return executed addenda with the proposal.

The failure of a Bidder to submit acknowledgement of any addenda that affects the proposal price(s) may be considered an irregularity and may be cause for rejection of the proposal.

15 Certifications

The submission of a proposal shall be deemed a representation and certification by the Bidder that it:

- Has read, understands and agrees to the information and requirements set forth in this RFP.
- Has the capability to complete the responsibilities and obligations of the proposal being submitted
- Represents that all information contained in the proposal is true and correct
- Acknowledge that SVCE has the right to make any inquiry it deems appropriate to substantiate or supplement information supplied by Bidder, and Bidder hereby grants SVCE permission to make these inquiries
- Will provide any and all documentation related to the proposal in a timely manner
- Is eligible to submit a proposal because he/she is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in a transaction by any Federal, State, or local department or agency

16 Rights of SVCE

SVCE is not obligated to respond to any proposal submitted as part of the RFP. **SVCE at its sole discretion reserves the right to waive technicalities or irregularities, to reject any or all proposals, and/or to accept that proposal which is in the best interest of SVCE.** The award of this proposal, if made, may be based on considerations other than total cost and may be awarded based on various considerations, including without limitation; Bidder's experience and/or qualifications, past experience, administrative cost, standardization, technical evaluation and oral and/or written presentations as required. SVCE reserves the right to accept all or part, or to decline the whole, and to award this RFP to one (1) or more Bidders. There is no obligation to buy. The RFP, if awarded, will be in the judgement of SVCE the most responsive to the agency's needs.

17 High Level Scope of Work

Overview

Silicon Valley Clean Energy (SVCE) invites applications from a “Consultant” to provide Technical Assistance (TA) for its Community Grants program. To date, SVCE’s grant programs have invested over \$15 million in twenty-five projects addressing building and transportation electrification, energy resilience, and community engagement, with more projects underway. In this cycle of funding, SVCE is working to expand accessibility and education for electrification and energy resilience projects by offering TA at no additional cost to the grant awardees. TA will be offered to Community Organizations such as Nonprofits, Community-Based Organizations (CBOs), and Schools to support their planning, development, and implementation of clean energy projects.

Grant awardees will have the opportunity to “opt-in” for TA during the application process to support all or part of their project. After the grant application window closes, SVCE will communicate the scope of the awarded projects and their requested TA with the Consultant. The Consultant will then work with all awardees on the TA requested for their projects. As part of the grant requirements, the awardee’s project must include an outreach and education component. SVCE anticipates awarding 4 to 8 projects to be completed in 2030, with TA available to support awardees for the full duration of the grant.

The Consultant will work with each grant awardee that opts-in for TA to assess their individual project’s needs, offer planning support, coordinate with SVCE, and to relay project progress as needed. Below is a table that lists eligible projects that will be included as part of the offered TA. Areas in which the Consultant may provide services to grant awardees are expected to include, but are not limited to, the Categories listed in the table below and the associated Tasks as outlined. Grant awardee support shall be effectuated by task order(s) agreed to by the Consultant and SVCE. Additional project types may be considered if they are inquired by the grant awardee, aligned with SVCE’s mission, and reduce carbon emissions. The Consultant will work directly with grant awardees on their projects with oversight from SVCE. The compensation to be paid to the Consultant for all services described in the “Scope of Work” shall not exceed a total of Three Hundred Thousand dollars (\$300,000.00).

Two category types + broad-level TA

Building Electrification	Gas appliances, related piping, and inefficient electric resistance equipment will be removed and replaced with efficient electric equipment, such as a heat pump space and water heating technology and induction cooktops.
Building Energy Resilience	Create energy resilient building opportunities with the installation of solar paired with battery storage, or adding battery storage to existing solar on a building to function as a resilience center.

The selected partner will offer the following to assist grant awardees with their project design and execution:

Task A. Administrative

The Consultant will participate in a kickoff meeting with SVCE staff to review objectives, budget, timeline, administrative processes, and contract at a mutually decided time. During the grant period, the Consultant will set recurring meetings with awardees at a frequency aligned with the needs of their specific project. The Consultant will provide SVCE with 1-2 progress reports at key stages of each awardee's project (agreed upon at a later time). SVCE may also request that the Consultant schedule a mid-grant check-point meeting with SVCE staff, excluding the awardee, to discuss any issues and evaluate progress. The Consultant will deliver a brief final report to SVCE on the completion of the awardees' projects that summarizes the key technologies installed (explained further in Task D).

Task B. Provide technical design and planning services

Task B.1 Site assessment/feasibility analysis

The Consultant will conduct project-specific system assessments by reviewing facilities' historic and current utility data, and energy usage. The Consultant will visit selected site(s) or conduct remote walk-throughs to develop a general assessment and provide recommendations for the awardee's proposed projects. During the grant application process, the awardee will have identified their interested project, its scope and estimated budget, potential considerations, and SVCE will communicate these components and share the grant application with the Consultant before any virtual or in-person assessment takes place. Working with the Nonprofit, CBO, or School, the Consultant will then review the systems of interest that can be replaced with all-electric equipment. The Consultant should anticipate coordinating with other SVCE offerings and programs for the awardee, depending on the project. For example, Nonprofits, CBOs, and Schools are eligible for SVCE's Business Rebates, which offer rebates for energy-efficient all-electric induction cooking and heat pump space and water heating. Awardees will be able to stack the grant with the Business Rebates in order to maximize funding. The options available for this Task include a high-level assessment of building systems as they relate to the identified project and reviewing other potential upgrades as listed above. This might include collecting basic information on the building, its use-type, recent utility bills, typical operating hours, and identifying potential energy efficiency improvements. The Consultant will assess electrical panel capacity and identify potential electrical infrastructure obstacles and opportunities. For projects related to solar and battery storage, the Consultant may identify opportunities for solar and battery storage placement. This might include inspecting the age and load-bearing capacity of the rooftop(s), checking for unobstructed rooftop spaces, determining the orientation and tilt of panels, and evaluating whether upgrades will be needed for net metering or grid tie-in. Following the conclusion of the site visit(s), the Consultant will provide a report to the awardee and SVCE with recommendations and cost ranges. This assessment can vary in depth depending on the project type and findings on site.

Deliverables:

- Site assessment report containing cost estimates, itemizes breakdowns (when available), and other considerations, with presentation to awardee and SVCE

Task B.2 Advising for further design and construction planning, contractor bidding, and identifying external funding sources

The Consultant will serve in an advisory role during the project's development, such as the contractor bidding and construction phase. TA for planning and development might include offering suggestions on equipment lists, providing cost estimates with an itemized breakdown, and/or providing contractor references if applicable. Depending on the needs of the project, the awardee may ask the Consultant for insight into potential locations for equipment placement or recommendations for all-electric appliances like kitchen induction ranges. For solar projects, the Consultant and awardee might discuss historical utility usage data and new load being added to assist with sizing recommendations.

The Consultant may encounter occasions to direct awardees to independent, state, or federal funding opportunities that could be stacked with the SVCE Community Grant.

Deliverables:

- Serve as a technical advisor throughout the design process, potentially assisting the awardee with the documentation to become permit-ready, and answering questions
- Recommendations for external grants

Task C. Support project implementation

To support project implementation, the Consultant will work with the awardee to disseminate bids for the project and evaluate any submitted responses. The awardee could request feedback from the Consultant on solicited bids or for assistance troubleshooting with the contractor if needed, but will not be asked to oversee contractor installations. As the Consultant continues to assist with project implementation, they may be asked to complete Tasks such as reviewing permit packages, assisting with compliance checks, and providing support to the awardee for tracking and documenting implementation progress.

Deliverables:

- Bid support
- Check-ins with awardee throughout the implementation process
- Review and support for final stages of installation (potentially provide a short Memo report to SVCE if requested)

Task D. Project completion and education support (within the scope of TA)

On request, the awardee may ask the Consultant for minor assistance with their project's required education and outreach component. Requests for this Task would only require the Consultant to provide support and materials within the realm of TA. For example, the Consultant might be asked to draft technical guidance documents, which would be considered a final report to SVCE. The final report to SVCE can also take the form of a short Memo or PowerPoint reviewing the project's technical components, final layout, plus the type(s) and total number of equipment installed, and/or other materials that translate technical data for non-technical stakeholders. The purpose of the document(s) would be to assist the awardee in clearly communicating technical information, in crafting their own final report, provide SVCE with accurate information to include in their community outreach, and to make the awardee's education materials accessible to diverse audiences.

The Consultant may also be asked to train facility staff on new equipment maintenance and/or to provide other post-installation guidance.

Deliverables:

- Support the development of the awardee's Final report
- Create general technical guidance documents to assist in education
- Post-installation training guidance

Consultant shall indemnify, defend, and hold Indemnitees, harmless from and against any Liabilities by a third party that the services to be provided pursuant to this Agreement infringe or violate any third-party's IP Rights, provided any such right is enforceable in the United States. Such costs and expenses shall include reasonable attorneys' fees of counsel of Authority's choice, expert fees and all other costs and fees of litigation.

C. The acceptance of the services by Authority shall not operate as a waiver of these rights of indemnification. The hold harmless and indemnification provisions of this Section shall apply regardless of whether or not any insurance policies are determined to be applicable to the Liability.

D. Consultant's indemnifications and obligations under this section shall survive the expiration or termination of this Agreement.

10. **INSURANCE**

A. **General Requirements.** On or before the commencement of the term of this Agreement, Consultant shall furnish Authority with certificates showing the type, amount, class of operations covered, effective dates and dates of expiration of insurance coverage in compliance with the requirements listed in Exhibit "D," which is attached hereto and incorporated herein by this reference. Such insurance and certificates, which do not limit Consultant's indemnification obligations under this Agreement, shall also contain substantially the following statement: "Should any of the above insurance covered by this certificate be canceled or coverage reduced before the expiration date thereof, the insurer affording coverage shall provide thirty (30) days' advance written notice to the Authority by certified mail, Attention: Chief Executive Officer." Consultant shall maintain in force at all times during the performance of this Agreement all appropriate coverage of insurance required by this Agreement with an insurance company that is acceptable to Authority and licensed to do insurance business in the State of California. Endorsements naming the Authority as additional insured shall be submitted with the insurance certificates.

B. **Subrogation Waiver.** Consultant agrees that in the event of loss due to any of the perils for which he/she has agreed to provide comprehensive general and automotive liability insurance, Consultant shall look solely to his/her/its insurance for recovery. Consultant hereby grants to Authority, on behalf of any insurer providing comprehensive general and automotive liability insurance to either Consultant or Authority with respect to the services of Consultant herein, a waiver of any right to subrogation which any such insurer of Consultant may acquire against Authority by virtue of the payment of any loss under such insurance.

C. **Failure to Secure or Maintain Insurance.** If Consultant at any time during the term hereof should fail to secure or maintain the foregoing insurance, Authority shall be permitted to obtain such insurance in the Consultant's name or as an agent of the Consultant and shall be compensated by the Consultant for the costs of the insurance premiums at the maximum rate permitted by law and computed from the date written notice is received that the premiums have not been paid.

D. Additional Insured. Authority, its members, officers, employees and volunteers shall be named as additional insureds under all insurance coverages, except any professional liability insurance, required by this Agreement. The naming of an additional insured shall not affect any recovery to which such additional insured would be entitled under this policy if not named as such additional insured. An additional insured named herein shall not be held liable for any premium, deductible portion of any loss, or expense of any nature on this policy or any extension thereof. Any other insurance held by an additional insured shall not be required to contribute anything toward any loss or expense covered by the insurance provided by this policy.

E. Sufficiency of Insurance. The insurance limits required by Authority are not represented as being sufficient to protect Consultant. Consultant is advised to confer with Consultant's insurance broker to determine adequate coverage for Consultant.

F. Maximum Coverage and Limits. It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum Insurance coverage requirements and/or limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be the minimum coverage and limits specified in this Agreement, or the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named insured, whichever is greater.

11. **CONFLICT OF INTEREST**

Consultant warrants that it, its officers, employees, associates and subcontractors, presently have no interest, and will not acquire any interest, direct or indirect, financial or otherwise, that would conflict in any way with the performance of this Agreement, and that it, its officers, employees, associates and subcontractors, will not employ any person having such an interest. Consultant and its officers, employees, associates and subcontractors, if any, shall comply with all conflict of interest statutes of the State of California applicable to Consultant's services under this Agreement, including the Political Reform Act (Gov. Code § 81000, et seq.) and Government Code Section 1090. During the term of this Agreement, Consultant may perform similar services for other clients, but Consultant and its officers, employees, associates and subcontractors shall not, without the Authority Representative's prior written approval, perform work for another person or entity for whom Consultant is not currently performing work that would require Consultant or one of its officers, employees, associates or subcontractors to abstain from a decision under this Agreement pursuant to a conflict of interest statute. Consultant shall incorporate a clause substantially similar to this section into any subcontract that Consultant executes in connection with the performance of this Agreement. Consultant understands that it may be required to fill out a conflict of interest form if the services provided under this Agreement require Consultant to make certain governmental decisions or serve in a staff Authority, as defined in Title 2, Division 6, Section 18700 of the California Code of Regulations.

12. **PROHIBITION AGAINST TRANSFERS**

Consultant shall not assign, sublease, hypothecate, or transfer this Agreement, or any interest therein, directly or indirectly, by operation of law or otherwise, without prior written consent of Authority. Any attempt to do so without such consent shall be null and void, and any assignee, sublessee, pledgee, or transferee shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer. However, claims for money by Consultant from

Authority under this Agreement may be assigned to a bank, trust company or other financial institution without prior written consent. Written notice of such assignment shall be promptly furnished to Authority by Consultant.

The sale, assignment, transfer or other disposition of any of the issued and outstanding capital stock of Consultant, or of the interest of any general partner or joint venturer or syndicate member or cotenant, if Consultant is a partnership or joint venture or syndicate or cotenancy, which shall result in changing the control of Consultant, shall be construed as an assignment of this Agreement. Control means fifty percent (50%) or more of the voting power of the corporation.

13. **SUBCONTRACTOR APPROVAL**

Unless prior written consent from Authority is obtained, only those persons and subcontractors whose names are attached to this Agreement shall be used in the performance of this Agreement.

In the event that Consultant employs subcontractors, such subcontractors shall be required to furnish proof of workers' compensation insurance and shall also be required to carry general, automobile and professional liability insurance in substantial conformity to the insurance carried by Consultant. In addition, any work or services subcontracted hereunder shall be subject to each provision of this Agreement.

Consultant agrees to include within their subcontract(s) with any and all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Subcontractors hired by Consultant shall agree to be bound to Consultant and Authority in the same manner and to the same extent as Consultant is bound to Authority under this Agreement. Subcontractors shall agree to include these same provisions within any sub-subcontract. Consultant shall provide a copy of the Indemnity and Insurance provisions of this Agreement to any subcontractor. Consultant shall require all subcontractors to provide valid certificates of insurance and the required endorsements prior to commencement of any work and will provide proof of compliance to Authority.

14. **REPORTS**

A. Each and every report, draft, work product, map, record and other document, hereinafter collectively referred to as "Report", reproduced, prepared or caused to be prepared by Consultant pursuant to or in connection with this Agreement, shall be the exclusive property of Authority. Consultant shall not copyright any Report required by this Agreement and shall execute appropriate documents to assign to Authority the copyright to Reports created pursuant to this Agreement. Any Report, information and data acquired or required by this Agreement shall become the property of Authority, and all publication rights are reserved to Authority. Consultant may retain a copy of any Report furnished to the Authority pursuant to this Agreement.

B. All Reports prepared by Consultant may be used by Authority in execution or implementation of: (1) The original project for which Consultant was hired; (2) Completion of the original project by others; (3) Subsequent additions to the original project; and/or (4) Other Authority projects as Authority deems appropriate in its sole discretion.

C. Consultant shall, at such time and in such form as Authority may require, furnish reports concerning the status of services required under this Agreement.

D. All Reports shall also be provided in electronic format, both in the original file format (e.g., Microsoft Word) and in PDF format.

E. No Report, information or other data given to or prepared or assembled by Consultant pursuant to this Agreement that has not been publicly released shall be made available to any individual or organization by Consultant without prior approval by Authority.

F. Authority shall be the owner of and shall be entitled upon request to immediate possession of accurate reproducible copies of Reports or other pertinent data and information gathered or computed by Consultant prior to termination of this Agreement or upon completion of the work pursuant to this Agreement.

15. **RECORDS**

Consultant shall maintain complete and accurate records with respect to costs, expenses, receipts and other such information required by Authority that relate to the performance of services under this Agreement, in sufficient detail to permit an evaluation of the services and costs. All such records shall be clearly identified and readily accessible. Consultant shall provide free access to such books and records to the representatives of Authority or its designees at all proper times, and gives Authority the right to examine and audit same, and to make transcripts therefrom as necessary, and to allow inspection of all work, data, documents, proceedings and activities related to this Agreement. 17. **CONFIDENTIAL INFORMATION AND DOCUMENTS**

A. Consultant covenants that all data, reports, documents, discussion, or other information (collectively “Data”) developed or received by Consultant or provided for performance of this Agreement are deemed confidential and shall not be disclosed or released by Consultant without prior written authorization by Authority. Authority shall grant such authorization if applicable law requires disclosure. Consultant, its officers, employees, agents, or subcontractors shall not without written authorization from the Authority Representative or unless requested in writing by the Authority’s General Counsel, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement or relating to any project or property located within the Authority. Response to a subpoena or court order shall not be considered “voluntary,” provided Consultant gives Authority notice of such court order or subpoena.

B. Consultant shall promptly notify Authority should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed

thereunder or with respect to any project or property located within the Authority. Authority may, but has no obligation to, represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with Authority and to provide Authority with the opportunity to review any response to discovery requests provided by Consultant. However, Authority's right to review any such response does not imply or mean the right by Authority to control, direct or rewrite the response.

C. It is understood that Authority is subject to the California Public Records Act (Gov. Code § 7920.000 *et seq.*). If a request under the California Public Records Act is made to view any documents Consultant provided to Authority, Authority shall notify Consultant of the request and the date that such records will be released to the requester unless Consultant obtains a court order enjoining that disclosure. If Consultant fails to obtain a court order enjoining that disclosure, Authority will release the requested information on the date specified.

D. In the event Authority gives Consultant written notice of a "litigation hold" or request under the Public Records Act, then as to all data identified in such notice or request, Consultant shall, at no additional cost to Authority, isolate and preserve all such data pending receipt of further direction from the Authority.

E. Consultant agrees to comply with the confidentiality and data protection provisions set forth in Exhibit "E," attached hereto and incorporated herein by this reference.

If Consultant fails to cure the default within the time specified (which shall be determined by the Authority but shall be not less than 10 days) and according to the requirements set forth in Authority's written notice of default, and in addition to any other remedy available to the Authority by law, the Authority Representative may terminate the Agreement by giving Consultant written notice thereof, which shall be effective immediately. The Authority Representative shall also have the option, at its sole discretion and without cause, of terminating this Agreement by giving seven (7) calendar days' prior written notice to Consultant as provided herein. Upon termination, Consultant shall immediately deliver to the Authority any and all copies of studies, sketches, drawings, computations, and other material or products, whether or not completed, prepared by Consultant or given to Consultant, in connection with this Agreement. Such materials shall become the property of Authority. Consultant shall have no other claim against Authority by reason of such termination, including any claim for compensation.

Section 2701, et seq., California Civil Code Sections 1798.80 through 1798.84, and the California Consumer Privacy Act, Civil Code Section 1798.100 *et seq.* Authority, and its officers and employees, shall not be liable at law or in equity by reason of the failure of the Consultant to comply with this paragraph.

22. **ADVERTISEMENT**

23. **WAIVER**

A waiver by Authority of any breach of any term, covenant, or condition contained herein shall not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained herein, whether of the same or a different character.

24. **INTEGRATED CONTRACT**

This Agreement represents the full and complete understanding of every kind or nature whatsoever between the Parties, and all preliminary negotiations and agreements of whatsoever kind or nature are merged herein. 30. **FORCE MAJEURE**

The acceptance by Consultant of the final payment made under this Agreement shall operate as and be a release of Authority from all claims and liabilities for compensation to Consultant for anything done, furnished or relating to Consultant's work or services. Acceptance of payment shall be any negotiation of Authority's check or the failure to make a written extra compensation claim within ten calendar days of the receipt of that check. However, approval or payment by Authority shall not constitute, nor be deemed, a release of the responsibility and liability of Consultant, its employees, subcontractors and agents for the accuracy and competency of the information provided and/or work performed; nor shall such approval or payment be deemed to be an assumption of such responsibility or liability by Authority for any defect or error in the work prepared by Consultant, its employees, subcontractors and agents.

32. **ATTORNEY FEES**

In any litigation or other proceeding by which a Party seeks to enforce its rights under this Agreement (whether in contract, tort or both) or seeks a declaration of any rights or obligations under this Agreement, the prevailing Party shall be entitled to recover all attorneys' fees, experts' fees, and other costs actually incurred in connection with such litigation or other proceeding, in addition to all other relief to which that Party may be entitled.

It shall be considered a material breach of this Agreement if Consultant engages in a pattern or practice of accessing, storing, using, or disclosing the Confidential Information in violation of the contractual obligations described herein. Consultant understands that if Authority finds that Consultant is engaged in a pattern or practice of accessing, storing, using, or disclosing Confidential Information in violation of this Agreement Authority shall promptly cease all disclosures of Confidential Information to Consultant. Consultant further understands that if Authority receives a customer complaint about Consultant's misuse of data or other violation of the Disclosure Provisions, Authority shall promptly cease disclosing that customer's information to Consultant and shall notify the California Public Utilities Commission of the complaint.

8. Consultant shall be liable for the actions of, or any disclosure or use by, its employees or representatives contrary to this Agreement; however, such liability shall not limit or prevent any actions by Authority directly against such employees or representatives for improper disclosure and/or use. In no event shall Consultant or its employees or representatives take any actions related to Confidential Information that are inconsistent with holding Confidential Information in strict confidence. Consultant shall immediately notify Authority in writing if it becomes aware of the possibility of any misuse or misappropriation of the Confidential Information by Consultant or any of its employees or representatives. However, nothing in this Agreement shall obligate the Authority to monitor or enforce the Consultant's compliance with the terms of this Agreement.
9. Consultant shall comply with the consumer protections concerning subsequent disclosure and use set forth in Attachment B to California Public Utilities Commission (CPUC) Decision No. 12-08-045.
10. In addition to any other requirements set forth in the Agreement, within ten (10) business days of receipt of Authority's written request, and at Authority's option, Consultant will either return to Authority all tangible Confidential Information, including but not limited to all electronic files, documentation, notes, plans, drawings, and copies thereof, or will provide Authority with written certification that all such tangible Confidential Information of Authority has been destroyed.
11. Consultant acknowledges that disclosure or misappropriation of any Confidential Information could cause irreparable harm to Authority and/or Authority Customers, the amount of which may be difficult to assess. Accordingly, Consultant hereby confirms that the Authority shall be entitled to apply to a court of competent jurisdiction or the California Public Utilities Commission for an injunction, specific performance or such other relief (without posting bond) as may be appropriate in the event of improper disclosure or misuse of its Confidential Information by Consultant or its employees or representatives. Such right shall, however, be construed to be in addition to any other remedies available to the Authority, in law or equity.
12. In addition to all other remedies, Consultant shall indemnify and hold harmless Authority, its officers, employees, or agents from and against and claims, actions, suits, liabilities, damages, losses, expenses and costs (including reasonable attorneys' fees, costs and disbursements) attributable to actions or non-actions of Consultant and/or its employees and/or its representatives in connection with the use or disclosure of Confidential Information.
13. When Consultant fully performs the purposes set forth in the Agreement, or if at any time Consultant ceases performance or Authority requires Consultant cease performance of the purposes set forth in the Agreement, Consultant shall promptly return or destroy (with written notice to Authority itemizing the materials destroyed) all Confidential Information then in its possession at the direction of Authority. Notwithstanding the foregoing, the nondisclosure obligations of this Agreement shall survive any termination of this

Agreement.
