**REQUEST FOR PRE-
QUALIFICATION OF
BIDDERS COMMENCING
WITH FORTHCOMING
PUBLIC WORK BID**

**REQUEST FOR PRE-QUALIFICATION OF BIDDERS COMMENCING
WITH FORTHCOMING PUBLIC WORK BID**

Notice is hereby given that Silicon Valley Clean Energy (“SVCE”) has determined that all bidders on SVCE HQ to be undertaken by the SVCE must be pre-qualified prior to submitting *a bid on that project*. It is mandatory that all Contractors who intend to submit a bid fully complete the pre-qualification questionnaire, provide all materials requested herein, and be approved by SVCE to be on the final qualified bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. The last date to submit a fully completed questionnaire is **10/16/25 @ 1pm PT**. Contractors are encouraged to submit pre-qualification applications as soon as possible, so that they may be notified of omissions of information to be remedied or of their pre-qualification status well in advance of the bid advertisement for this project.

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. SVCE will use these documents as the basis of rating Contractors in respect to the size and scope of contracts upon which each Contractor is qualified to bid. SVCE reserves the right to check other sources available. SVCE’s decision will be based on objective evaluation criteria.

SVCE reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Contractors whose rating changes sufficient to disqualify them will be notified and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a pre-qualification rating.

While it is the intent of the pre-qualification questionnaire and documents required therewith to assist SVCE in determining bidder responsibility prior to bid and to aid SVCE in selecting the lowest responsible bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude SVCE from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

The pre-qualification applications should be submitted under seal and marked “CONFIDENTIAL” to **333 W El Camino Real #330, Sunnyvale, CA 94087.**

The pre-qualification applications (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify SVCE and provide updated accurate information in writing, under penalty of perjury.

SVCE reserves the right to waive minor irregularities and omissions in the information contained in the pre-qualification application submitted, to make all final determinations, and to determine at any time that the pre-qualification procedures will not be applied to a specific future public works project.

Contractors may submit pre-qualification applications during regular working hours on any day that the offices of SVCE are open. Contractors who submit a complete pre-qualification application will be notified of their qualification status **no later than ten (10) business days** the closing time for receipt of the prequalification questionnaire for this forthcoming public works project

SVCE may refuse to grant pre-qualification where the requested information and materials are not provided, or not provided by **10/16/25, 1pm PT**. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted. The closing time for bids will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made. **An appeal is begun by the Contractor delivering notice to SVCE of its appeal of the decision with respect to its pre-qualification rating, no later than five (5) business days** after the closing time for receipt of the prequalification questionnaire for this forthcoming public works project. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of SVCE, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, **the hearing shall be conducted so that it is concluded no later than ten (10) business days after SVCE's receipt of the notice of appeal**. The hearing shall be an informal process conducted by a panel to whom SVCE will delegate responsibility to hear such appeals (the "Appeals Panel"). At or prior to the hearing, the Contractor will be advised of the basis for SVCE's pre-qualification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the rating. Within one day after the conclusion of the hearing, the Appeals Panel will render its decision. It is the intention of SVCE that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

Note: A contractor may be found not pre-qualified for bidding on a specific public works contract to be let by SVCE, or on all contracts to be let by SVCE until the contractor meets SVCE's requirements. In addition, a contractor may be found not pre-qualified for either:

- (1) Omission of requested information or
- (2) Falsification of information
