

## **Responses to Respondent Questions**

ADDENDUM

January 16, 2026

- **Can you please confirm that participating in this working group would not represent a potential conflict of interest that could prevent us from providing services to customers in your service territory and/or applying for future work with SVCE?**

We do not anticipate a conflict arising as a result of participation in this working group; however, situations would be assessed on a case-by-case basis.

- **Does SVCE already have an informal group of experts providing guidance on electrification, as indicated in Section 3, or is that paragraph referring to the group being formed under this RFP?**

This group already exists; it is the same one that is described in the RFP.

- **Section 3 of the RFP encourages applicants to apply for 'both' working groups. Can you please clarify which working group (s) are covered under this RFP (if it is Contractors and Subject Matter Experts), including the deliverables and responsibilities for each group?**

There is one group. This is an error.

- **Is it acceptable to include a cover page as part of the proposal, excluded from the 5-page limit?**

Yes.

- **In addition, we had also requested a copy of Exhibit E. Do you think this is something SVCE can share as well?**

This section has been removed.
