

Contractor List

This document alphabetically lists contractors who have installed heat pump water heaters (HPWH) or heat pump heating ventilation and cooling systems (HP HVAC), or performed electrical work for at least 3 Silicon Valley Clean Energy customers that have received [FutureFit Homes](#) rebates. Contractors should refer to the footnote for instructions on how to be added to the list and the criteria used for companies currently included on the list. This list is provided as a public service. It is intended to help participants find contractors who have had experience with home electric upgrades. No endorsement of any listed contractor is made and none may be implied hereby. This list is provided "AS-IS", and with no warranty or representation as to the quality of work to be expected from any listed contractor. It is your responsibility to determine whether any listed contractor is capable of satisfactorily performing the work you require.
