Milpitas

2024 COMMUNITY IMPACT

City of Milpitas and Silicon Valley Clean Energy

SVCE communities are making a difference by choosing electricity that comes from clean sources. Your community leadership is accelerating the state's clean energy transition and supporting customer programs to improve local air quality and fight climate change.

Milpitas' Annual Energy Results

\$3,868,600 in on-bill savings for SVCE customers* (**\$19,860,000** since launch)

29,260 households and businesses receiving electricity from clean energy sources*

\$151,000 in cash payments to customers for generating surplus solar energy*

\$211,680 in SVCE rebates claimed by Milpitas residents for electric home upgrades

*Figures shown are from Oct. 2023 through Sept. 2024

SVCE Community Achievements

27%

reduction in energy & transportation-related emissions in 2023 (compared to 2015)

\$141M

in total on-bill savings for customers since launch in 2017

\$129M

invested in customer programs

Supporting Local Projects

Milpitas Solar & Battery Storage Project

275,000+

residential and commercial customers - a **96%** participation rate with SVCE

OFFERS & SERVICES FOR YOU

With clean energy from SVCE, you have the power to make choices that eliminate greenhouse gas emissions, save money, and build a cleaner, greener Silicon Valley. SVCE has designed various programs, including financial incentives and online tools, to help you reduce your dependence on fossil fuels and transition to a clean, all-electric future.
