

Silicon Valley Clean Energy
2025 Request for Proposal
Financial Accounting and Audit Assistance Services
Q&A

1. Please clarify the items listed under #7 Cost Proposal:

- a. **Indicate any pricing adjustment if another CCA implements a similar solution.**
- b. **Be sure to separate costs associated with optional integration with SVCE systems and data**

- **Response:**

- a. First item (pricing adjustment) is referring to if there are any special CCA rates
- b. Second item (cost) is referring to if there are separate software/platform integration fees, would be great to list them separately.

2. Please clarify the California certification and license requirements:

- **Response:**

SVCE will need to confirm that the firm and staff members working on SVCE's portion are all licensed and authorized to practice in California.
